

# Costume & Care Instructions for Recital

To keep your dancer's costume looking performance-ready, please follow the instructions below carefully. This will help ensure your dancer shines confidently on stage and their costume stays in perfect condition through rehearsals, pictures, and recital day!

## ✔ Try It On

- As soon as your dancer brings their costume home, have them try it on with all accessories, tights, and shoes.
- Check for missing or loose pieces (rhinestones, buttons, etc.) and notify us within 3 days if anything is missing.

## ✂ Label Everything

- Please clearly label EVERY ITEM with your dancer's first and last name—this includes costumes, shoes, tights, bows, accessories, and bags.
- Use a permanent marker or a label inside of the garment where it won't be seen on stage.

## 🚫 Do NOT Wash the Costume

- Most costumes are made from delicate or specialty fabrics and should not be machine-washed.
- If needed, gently steam wrinkles out or hang in a steamy bathroom (never iron directly—this can melt or damage the fabric).

## 📦 Keep It Hung & Covered

- Keep each costume on a hanger inside a garment bag.
- Store shoes and accessories together in a labeled zip-lock or accessory pouch.

## TIGHTS & SHOES

### 🐱 Required Items

- Each class has specific tight and shoe requirements. Please refer to the Recital Pack-List to ensure you have the correct styles.

## 🚫 No Undergarments

- Dancers should not wear underwear beneath their costume. Costumes are designed to be worn without them (just like swimsuits!).

## 🎀 Hair Accessories

- All hairpieces and accessories should be secured tightly with bobby pins and hairspray. If your costume came with a bow, flower, or hat, we will include placement instructions for each class.

# Twinkle Toes Level

## Twinkle Toes – “ON THE BEACH”
